Emerald Coast Utilities Authority Presents an Evening of Business Opportunities

Event Will Provide Qualified Information for Minority and Small Business Owners

PENSACOLA—On Thursday, October 8, 2009, the Emerald Coast Utilities Authority (ECUA) will present “An Evening of Information and Opportunities,” which is designed to improve communications between the ECUA and minority-owned and operated businesses. The two-hour event will be held at the Pensacola Improv Center, 375 N. Pace Boulevard, at 7:00pm CDT.

The informational meeting is not a job fair, but an opportunity to educate attendees about the potential of doing business with the ECUA, while increasing participation in obtaining ECUA contracts. Participants will learn about the bidding process, qualification requirements, future business opportunities, and how the ECUA hiring process is conducted.

“An Evening of Information and Opportunities” is co-sponsored by the Gulf Coast African American Chamber of Commerce and will include presentations from the ECUA purchasing and human resources departments, handouts, and a question and answer session.

To find out more about this event, the public may call (850) 476-5110 ext. 2245.
