NOTICE OF WATER SERVICE INTERRUPTION

New Water Main Connection Work on Johnson Avenue Continues

Water service will be interrupted on Tuesday, September 29, between 8:00 a.m. and 5:00 p.m. to ECUA customers located on Johnson Avenue, from just east of Lawton Street to the ECUA water well on Johnson Avenue, including Eclipse Lane in the Shadow Trace Subdivision, as crews work to place a new water main in service.

Residents and businesses in the area may experience some temporary discoloration of the water as a result of turbulence created by the repair work. ECUA crews will remain in the area throughout the evening, flushing lines if necessary to clear up affected areas. If customers are still experiencing discoloration in their water by late evening after running their taps for a few minutes, they are asked to call 476-5110 for assistance.
