NOTICE OF WATER SERVICE INTERRUPTION

New Water Main Connection Work on Johnson Avenue Continues

Water service will be interrupted on Friday, January 15, between 9:00 a.m. and 3:00 p.m. to ECUA customers located on Johnson Avenue, from Kipling Street east to 3190 Johnson Avenue, including Caminitti Street and approximately 1000 feet of the west end of Parazine Street. Crews will be working to place a new water main in service.

Residents and businesses in the area may experience some temporary discoloration of the water as a result of turbulence created by the repair work. ECUA crews will remain in the area throughout the evening, flushing lines if necessary to clear up affected areas. If customers are still experiencing discoloration in their water by late evening after running their taps for a few minutes, they are asked to call 476-5110 for assistance.
